Dear PSL and SIA community,

As you may be aware the University has announced that there will be a vaccination clinic at the Bryce Jordan Center (BJC) here on the University Park campus beginning tomorrow, Friday, April 9. You must register in advance, but this clinic will be open to anyone who is eligible to receive a COVID-19 vaccine, regardless of county of residence, including eligible students from out of state. As noted in the article, the BJC is following the Phase guidelines, with April 19 being the date that all PA residents 16 or older can begin getting the vaccine. Please check the article at the embedded link above for more details, including Phase guidelines, eligibility, and how to register.

Be safe,

Russ Shaffer
Assistant Dean for Operations and Planning

The Pennsylvania State University
252 Lewis Katz Building
University Park, PA 16802
Office: 814-867-0398
